2021-2022 School Year: Programming

- This fall will be a relaunch of a "typical" school year.
- A distance or hybrid program will be available based on student/family interest.
- The MN state legislature is currently reviewing possible bills that would authorize all districts to provide full distance programming next year.
- Legislative approval already exists for hybrid (blended) programming that includes at least one day in person per week.
- We are currently surveying families asking for a "soft commitment" to either the in person or the distance/hybrid program for 2021-2022 school year.
- Staff will be allocated to either the in person program or the distance/hybrid program (not both).
- More details will be communicated prior to the end of this school year.

2021-2022 School Year: Distance/Hybrid

- Based on what we have learned this year, we will continue to improve and refine distance/hybrid programming for next year using student/family/staff input and student learning data.
- The distance/hybrid program for next year will:
 - Contain a mixture of live synchronous and taped asynchronous instruction.
 - Follow the same state standards and overall curriculum as the in person programming.
 - Likely have reduced choices in class offerings for secondary students
- Based on initial survey data, it is expected that approximately 10% of students may choose the distance/hybrid program.

2021-2022 School Year: Logistics

- COVID protocol review will occur over the summer to refine and improve safety and security measures.
- Secondary schools are reviewing master schedules to determine how to best serve student needs.
- Transportation and school start times are being reviewed in light of future COVID protocols.
- Use of technology to support students through quarantines, snow days, and other circumstances (e.g. unfilled sub coverage) will be reviewed to determine best practices moving forward.
- Additional practices that support flexibility and engagement will be examined and continued where possible (online meetings, etc.).

INFORMATION AND PROPOSALS – NON-ACTION ITEMS

Board of Education Independent School District 280 Richfield, Minnesota

Regular Meeting, May 17, 2021

Subject: Commendations

Richfield High School social worker, Marisa Zimmerman, is being honored with the Education Minnesota Human Rights Award! She will receive the award on May 20 for her work in advocating for the human and civil rights of students and staff. She has contributed greatly to the field, through direct service to both our school and the community. This also makes Ms. Zimmermann Education Minnesota's nominee for one of the National Education Association's human and civil rights awards. Look for more information about Ms. Zimmerman and the award on our website and social media following the May 20 event. Congratulations!

Richfield Public Schools would like to commend the nutrition services staff at Sheridan Hills Elementary School. Principal Stachel received an email from a Sheridan parent of a Kindergarten student. This parent expressed deep gratitude for everyone involved in nourishing the students at Sheridan. Her own child has begun to enjoy a much wider variety of foods than ever before, and she credits this to the excellence of the food and the encouragement of the food service staff members at her school. Well done to the nutrition services team!

Richfield Public Schools would like to commend RHS Special Education Teacher Gavin Finelli. Superintendent Unowsky received the following email showcasing Mr. Finelli's outstanding work this year:

"Good morning Superintendent Unowsky-

I am writing you a letter of praise for my son's special education case manager at the high school. This is Gavin' Finelli's first year teaching and I am so grateful for him. He has been a champion for Quinn from day one.

Gavin has undying faith in Quinn's abilities and supports him so well that Quinn has done amazing with this tumultuous year. Gavin has been a strong influence. I cannot express how grateful we are to him. His commitment to Quinn and in turn our family, has been astounding. He has been and continues to be a gift. Richfield is blessed to have him.

I know all teachers deserve medals for this year. Gavin however deserves more recognition than a medal could give. Quinn's success has hinged on his dedication. I felt the need to let you know of a shining star on your staff and pour out my gratitude.

I hope you get to get out and enjoy the sunshine today.

Sincerely -

Sheila Holtberg Mother of Quinn Holtberg, freshman at the high school"

6 7 8	I.	MISSION
9 10 11 12		The mission of the Richfield Public Schools <u>co-curricularextra-curricular</u> program is to promote healthy youth development through programs that encourage participation, healthy life styles, development of positive attitudes and skills, and a sense of accomplishment.
13 14	II.	VALUE AND PURPOSES
15 16 17 18 19 20		A. Consistent with the mission of the <u>co-curricularextra-curricular</u> program, the Board of Education believes that <u>co-curricularextra-curricular</u> activities can be a vital educational experience and can contribute to healthy youth development.
20 21 22 23 24		B. The Board of Education recognizes several important purposes for a co- curricular<u>extra-curricular</u> program that includes <u>interscholastic</u> athletics and activities:
25 26 27 28		 The program should provide students with the opportunity to have fun, learn through competition, learn to respect other participants, and to abide by the rules of the activity.
29 30		It should provide students and the community an opportunity to develop pride in themselves and their schools.
31 32 33 34		 It should aid students in becoming discriminating consumers ofmanaging time and priorities in order to enjoy leisure-time activities while promoting refinement and expansion of skills.

1 2 3 APPENDIX 4 ATHLETIC PROGRAM PHILOSOPHY 5 6 The following statement was developed by coaches and is included in the 7 Coaches Handbook: 8 We believe that the opportunity for participation in a wide variety of student-9 10 selected activities is a vital part of the student's educational experiences. This 11 participation is a privilege that carries with it responsibilities to the school, other 12 participants and the community. The purpose of the athletics and activities 13 program is to provide experiences that help young people to develop physically, 14 mentally, socially and emotionally. 15 16 Athletics and aActivities should be available to all students who develop an 17 interest in participating, regardless of their individual abilities. Accordingly, 18 whenever feasible, appropriate skill levels should be established within athletics 19 and activities, so students may become involved regardless of their level of skills. 20 21 Leadership should be of the highest quality and exemplify the type of behavior. 22 which the program attempts to develop. Leadership success is measured in 23 terms of the goals of the athletic and *4*-activity program rather than solely on the 24 victories or defeats. Coaches, advisors or sponsors will provide guidance in the 25 development of good sportsmanship, cooperation, leadership and self-26 actualization. 27 28 It is intended that the athletic *4* and activities programs be conducted in 29 accordance with existing Board of Education policies and guidelines. Winning is 30 considered a worthy goal, but good sportsmanship and the wellbeing of 31 participants are considered more important. The programs are, at all times, to 32 be conducted in such a manner as to justify it them as an educational activitiesy. 33 34 35 Dated: September 7, 2004 36 Reviewed: July 15, 2013 37 38 39

OFFICIAL NEUTRALITY REGARDING RELIGIOUS ACTIVITY 14 15 Teachers, school administrators, and other school employees, when acting 16 in those capacities, are representatives of the state and are prohibited by 17 the establishment clause from soliciting or encouraging religious activity, 18 and from participating in such activity with students. School employees also are prohibited from discouraging activity because of its religious content, 19 20 and from soliciting or encouraging anti-religious activity. 21 22 Where the overall context makes it clear that they are not participating in 23 their official capacities, school employees may take part in religious 24 activities. For example, before school or during lunch, school employees 25 may meet together for prayer or Bible study to the same extent that they 26 may engage in other conversation or nonreligious activities. Similarly. school employees may participate in their personal capacities in privately 27 28 sponsored baccalaureate ceremonies. 29 30 31 SCHOOL-SPONSORED PROGRAMS AND ACTIVITIES П. 32 33 Α. **Teaching about Religion** 34

Public schools may not provide religious instruction, but they may teach *about* religion, including the Bible or other scripture: the history of religion, comparative religion, the Bible (or other scripture)-asliterature, and the role of religion in the history of the United States and other countries all are permissible public school subjects. Similarly, it is permissible to consider religious influences on art, music, literature and social studies. 48 Though schools must be neutral with respect to religion, they may play 49 an active role with respect to teaching civic values and virtue, and the 50 moral code that holds us together as a community. The fact that some of these values are held also by religions does not make it unlawful to teach them in school. Examples of values that may be taught include honesty, respect for others, courage, kindness and good citizenship. It is also appropriate for school officials to instill in students such values as independent thought, tolerance of diverse views, self-respect, maturity, and logical decision-making.

C. Creationism, Creation-Science and Evolution

- 1. The U.S. Supreme Court has determined that it is unconstitutional to restrict an educator's right to teach evolution.
- 2. In science classes, educators may only present scientific explanations for life on earth and scientific critiques of evolution. The U.S. Supreme court has held that it is unconstitutional to require educators who teach evolution to also teach creationism.
- 3. Creationism may be included in classes on comparative religions as an example of how some religious groups believe human life began. However, creationism may not be taught as scientific fact.

D. Religious Holidays

1. Teaching about Religious Holidays

While teachers may teach about religious holidays as part of an objective and secular educational program of teaching about religion, celebrating religious holidays in the form of religious worship or other practices is unconstitutional. Teaching about holidays with both a religious and secular basis may be constitutional if it furthers a genuine secular program of education, is presented objectively, and does not have the effect of advancing or inhibiting religion. The study of religious holidays should reflect this nation's diversity and bountiful heritage.

2. Religious Symbols

Religious symbols such as crosses, crèches and menorahs may be used as teaching aids in the classroom provided that the symbols are displayed as an example of the cultural and religious heritage of the holiday, and are temporary in nature. They may not be used as decorations. Symbols of religious holidays that have acquired secular meaning, such as Christmas trees, may be permissible decorations, although the courts have not ruled on this specific issue.

3. Religious Music, Art, Literature and Drama

49 Music, art, literature and drama with religious themes may be 50 included in teaching about holidays, provided that they are

- presented in a religiously neutral, prudent and objective manner, and relate to sound, secular educational goals. However, it is unconstitutional for schools to permanently display religious artwork.
 - 4. Special Events, Programs and Concerts

Religious music or drama may be included in school events, which are part of a secular program of education. The content of school special events, assemblies, concerts and programs must be primarily secular, objective and educational, and not focus on any one religion or religious observance. Such events must not promote or denigrate any particular religion, serve as a religious celebration, or become a forum for religious devotion. Student participation shall be voluntary.

5. Excusal from Classes which Teach about Religious Holidays

If the religious beliefs of students or their parents conflict with the content of a classroom activity, students may be excused, consistent with Board Policy 611, Provision for Alternative Instruction.

III. RELIGIOUS EXPRESSION

A. Student Prayer and Religious Discussion

Students may pray in a non-disruptive manner when not engaged in school activities or instruction, and subject to the rules that normally pertain in the applicable setting. Specifically, students in informal settings, such as cafeterias and hallways, may pray and discuss their religious views with each other, subject to the same rules of order as apply to other student activities and speech. Students may also speak to, and attempt to persuade, their peers about religious topics just as they do with regard to political topics. School officials, however, should intercede to stop student speech that constitutes harassment aimed at a student or a group of students.

- 39 Students may also participate in before or after school events with 40 religious content, such as "see you at the flag pole" gatherings, on the 41 same terms as they may participate in other non-curriculum activities 42 on school premises. School officials may neither discourage nor 43 encourage participation in such an event.
- 45 The right to engage in voluntary prayer or religious discussion free 46 from discrimination does not include the right to have a captive 47 audience listen, or to compel other students to participate. Teachers 48 and school administrators should ensure that no student is in any way 49 coerced to participate in religious activity.

Students may express their beliefs about religion in the form of homework, artwork, and other written and oral assignments free of discrimination based on the religious content of their submissions. Such home and classroom work should be judged by ordinary academic standards of substance and relevance, and against other legitimate pedagogical concerns identified by the school.

C. Student Speakers at Assemblies, Extracurricular Events, and Graduation

Student speakers at student assemblies, extracurricular events, and graduation may not be selected on a basis that either favors or disfavors religious speech. Where student speakers are selected on the basis of genuinely neutral, evenhanded criteria and retain primary control over the content of their expression, that expression is not attributable to the school and therefore may not be restricted because of its religious or anti-religious content. By contrast, where school officials determine or substantially control the content of what is expressed, such speech is attributable to the school and may not include prayer or other specifically religious or anti-religious content. To avoid any mistaken perception that a school endorses student speech that is not in fact attributable to the school, school officials may make appropriate, neutral disclaimers to clarify that such speech, whether religious or nonreligious, is the speaker's and not the school's.

D. Baccalaureate Ceremonies

Under current Supreme Court decisions, school officials may not mandate or organize religious ceremonies. If a school generally opens its facilities to private groups, it must make its facilities available on the same terms to organizers of privately sponsored religious baccalaureate services. A school may not extend preferential treatment to baccalaureate ceremonies. In addition, a school may disclaim official endorsement of events sponsored by private groups, provided it does so in a manner that neither favors nor disfavors groups that meet to engage in prayer or religious speech.

E. Student Garb

42 Schools enjoy substantial discretion in adopting policies relating to 43 student dress and school uniforms. Students generally have no Federal right to be exempted from religiously-neutral and generally 44 45 applicable school dress rules based on their religious beliefs or practices; however, schools may not single out religious attire in 46 47 general, or attire of a particular religion, for prohibition or regulation. 48 Students may display religious messages on items of clothing to the same extent that they are permitted to display other comparable 49 50 Religious messages may not be singled out for messages.

F. Distribution of Religious Literature

Students have a right to distribute religious literature to their schoolmates on the same terms as they are permitted to distribute other literature that is unrelated to school curriculum or activities. Schools may impose the same reasonable time, place and manner or other constitutional restrictions on distribution of religious literature as they do on nonschool literature generally, but they may not single out religious literature for special regulation. Board Policy 561 governs distributing of non-curricular literature to students.

15 IV. ACCOMMODATING RELIGIOUS PRACTICES OF STUDENTS
 16

A. Religious Excusals

Consistent with Board Policy 611, Provision for Alternative Instruction, a student may be excused from lessons that are objectionable to the student or the students' parents on religious or other conscientious grounds. School officials may neither encourage nor discourage students from availing themselves of an excusal option.

Students may also be excused from class to remove a significant burden on their religious exercise, where doing so would not impose material burdens on other students. For example, it would be permissible to excuse Muslim students briefly from class to enable them to fulfill their religious obligations to pray during Ramadan.

B. Released Time

Consistent with Board Policy 345, Attendance and Truancy, students may be dismissed to attend off-premises religious instruction, provided that school officials neither encourage or discourage participation or penalize those who do not attend. Schools may not allow religious instruction by outsiders on school premises during the school day.

38 39 40

C. School Calendar and Scheduling of Activities

41 Public schools do not have to close down or reschedule activities due 42 to conflicts between the school calendar and religious holidays. 43 However, schools may choose to do so when large numbers of 44 students and teacher absences are anticipated. If possible, so as not to penalize students for religious observance, school district, individual 45 46 school and teacher calendars should be prepared, to the greatest 47 feasible extent, not to conflict with religious holidays of all faiths. A 48 sincere attempt should be made not to schedule graduation, 49 assembles, and other special school and student events on religious

II. GENERAL STATEMENT OF POLICY

- A. The school district shall neither promote nor disparage any religious belief or nonbelief. Instead, the school district encourages all students and employees to have appreciation for and tolerance of each other's views.
- B. The school district also recognizes that religion has had and is having a significant role in the social, cultural, political, and historical development of civilization.
- C. The school district recognizes that one of its educational objectives is to increase its students' knowledge and appreciation of music, art, drama, and literature which may have had a religious basis or origin as well as a secular importance.
- D. The school district supports the inclusion of religious music, art, drama, and literature in the curriculum and in school activities provided it is intrinsic to the learning experience and is presented in an objective manner without sectarian indoctrination.
- E. The historical and contemporary values and the origin of various religions, holidays, customs, and beliefs may be explained in an unbiased and nonsectarian manner.

III. **RESPONSIBILITY**

- A. The superintendent shall be responsible for ensuring that the study of religious materials, customs, beliefs, and holidays in the school district is in keeping with the following guidelines:
 - 1. The proposed activity must have a secular purpose.
 - 2. The primary objective of the activity must be one that neither advances nor inhibits religion.
 - 3. The activity must not foster excessive governmental relationships with religion.

- 4. Notwithstanding the foregoing guidelines, reasonable efforts will be made to accommodate any student who wishes to be excused from attendance at school for the purpose of religious instruction or observance of religious holidays.
- B. The superintendent is granted authority to develop and present for school board review and approval directives and guidelines for the purpose of providing further guidance relative to the teaching of materials related to religion. Approved directives and guidelines shall be attached as an addendum to this policy.

PAID LEAVES OF ABSENCE

Section 1. <u>Sick Leave</u>

To twelve-month employees an allowance of 12 days per year, accumulative, shall be granted for sick leave use. To eleven-month employees, an allowance of 11 days per year, accumulative, shall be granted for sick leave use. To ten-month employees, an allowance of 10 days per year, accumulative, shall be granted for sick leave use. Sick leave can be used as allowable under state statute.

If the reason for the use of sick leave is due to pregnancy, an employee may use sick leave during a period of physical disability as certified by a licensed medical provider.

Subd. 1 Use of Sick Leave

- (a) Days of sick leave shall be credited when the school year starts. Employees who work less than the full school year shall receive sick leave on a pro rata basis.
- (b) The employee may use one (1) day of accumulated sick leave for each day of illness of the employee's child who is less than eighteen (18) years old, or up to 20 years old and attending a secondary school due to

an illness of or injury to the child for such reasonable periods as the employee's attendance with the child may be necessary.

- (c) An employee who has been employed by the district for the most recent 12 month period and holds a .5 FTE or greater position may use up to twenty (20) days of accumulated sick leave during the school year as is medically necessary to care for an ill spouse, parent, stepparent, parent-in-law, adult child, sibling, grandchild, or grandparent.
- (d) An employee who has not been employed by the district for the most recent 12 month period and/or who does not hold a .5 FTE or greater position may use up to five (5) days in any one year of earned sick leave for illness in the immediate family. The immediate family shall include wife, husband, child, brother, sister, parent, guardian or parentin-law. These days will be deducted from available personal leave in Section 3.

Section 2. <u>Disaster Leave</u>

If the following conditions are met, additional sick leave benefits shall be granted to any Administrative or Management Assistant who has exhausted accumulated sick leave, personal leave, and all other types of paid leave for which the employee is eligible: (1) the teacher has been continuously disabled and unable to work for a period of 30 or more consecutive duty days, as certified by a physician; (2) the employee is suffering from a catastrophic illness or injury, as defined below; (3) the employee is not under investigation; (4) the employee has not received notice of termination or provided notice of resignation or retirement; (5) the employee has submitted a written application for disaster leave benefits to the Human Resources Department; and (6) the application and supplemental materials required for LTD benefits have been submitted to the insurance carrier. If these conditions are met, disaster leave benefits shall commence as of the duty day immediately following the last day of regular sick leave and personal leave payment. In the event the employee is under investigation when the employee would otherwise qualify for disaster leave, the benefits shall commence as of the duty day of final disposition of discipline or the original date of eligibility if the allegations are determined to be unfounded. Disaster leave benefits shall continue only for period during which the employee remains continuously disabled and unable to work and shall cease no later than the 78th calendar day of the catastrophic illness or injury.

For purposes of this Article, an employee suffers from a "catastrophic illness or injury" if the employee has a critical, non-occupational illness or injury that prevents the employee from performing his/her job duties, has a diagnosed disability that would generally qualify for LTD and is of sufficient severity that the employee is likely to be found eligible for LTD benefits as certified by a physician. Examples of catastrophic illnesses or injuries include, but are not limited to, cancer, paralysis, brain injury, spinal injury, or amputation. Normal pregnancies, childbirths without complications, and elective surgeries that do not arise out of a serious health condition do not qualify as a catastrophic illness or injury.

Section 3. <u>Personal Leave and Bereavement Leave</u>

Up to six days in any one-year of earned sick leave may be used for:

- (a) Death of a friend or family member. However, if a spouse, parent, child dies and personal leave for that year has been exhausted, additional work days, not exceeding three (3) will be given as personal leave for the purpose of participating or attending to the funeral arrangements, but will be deducted against this allowance in the succeeding fiscal year.
- (b). Personal leave shall be granted for an appearance in court as a witness or in cases of legal action where it is mandatory that the employee be present.
- (c) One (1) day of earned sick leave may be used for personal emergency or calamity. Weather conditions may constitute a calamity or emergency. Leaves for other reasons may be granted by the Human Resources office and will result in a day's full deduction in salary.
- (d) Each employee may be granted two (2) days personal leave per year to handle important personal matters that cannot be taken care of in a regular day. Such leave must be requested in writing and have advance approval by the Human Resources office. The specific reason(s) for the leave need not be listed if the leave request is of a personal or private nature and may be waived following a consultation with the Human Resources office. Business ventures and/or vacations will not be considered as important personal matters.

After six (6) days in any one-year, full deduction shall be made.

Section 4. Jury Duty

Employees shall be granted the additional amount to make up full pay if required to serve on Jury Duty.

Section 5. <u>Medical Certification</u>

The District may require an employee to furnish a medical certificate from a licensed medical professional as to evidence of illness, medical condition (e.g. childbirth), or accident, indicating such absence was due to illness or injury, to qualify for sick leave pay. Such medical certificate may pertain to the employee, child, or other individual as appropriate to the Division of Section 1, cited in the leave request,. Any leave of five (5) or more consecutive days of absence or intermittent days required to care for the same medical condition within the same school year will require a medical certificate from a licensed medical provider. The final determination as to the eligibility of an employee for sick leave is reserved to the District. In the event that a medical certificate will be required for unrelated intermittent leave, the employee will be so advised.

The disabled employee will be obligated to inform the District, on a form sent to the employee each year by the District, of the employee's desire to retain job rights as provided herein.

Section 4. <u>Dental Insurance</u>

The School District will purchase dental insurance for all full time employees and their dependents. The District shall contribute to a maximum of \$59.00 per month effective July 1, 2014 for a plan based on a composite bid quotation. If the composite cost exceeds the District contribution, the excess amount shall be prorated on a monthly basis among the employees with dependent coverage.

Section 5. Life Insurance

The District shall provide each employee a fifty thousand (\$50,000) dollar term life insurance policy.

Section 6. <u>Insurance Committee</u>

A representative from the Office Personnel bargaining unit may serve on the District's fringe benefits insurance committee.

Section 7. <u>Tax Sheltered Annuities</u>

- (a) All personnel may participate in the Tax Sheltered Annuities program.
- (b) All employees who wish to enter the Tax Sheltered Annuity program for the first time on a non-matching basis, must complete the District and company forms provided for this purpose and must submit the District forms to the Human Resources office. Entry into the program may occur at any time. The District Tax Sheltered Annuity Form must be completed and returned to the District Human Resources office at least thirty (30) days before the payroll date on which the tax deduction is to begin.
- (c) An employee who has filed the District Tax Sheltered Annuity program form shall have that program automatically continue for the identified dollar or percentage amounts as indicated on the form until changed or cancelled. A new form will be needed each year only if the individual wishes to make a change in the present plan, i.e., carrier, dollar amount or percentage.
- (d) The District will contribute on a matching basis up to 1% of salary for all full time office personnel employees beginning after five (5) years of employment, up to 2% of salary upon completion of eight (8) years of employment and 2.5% upon completion of thirteen (13) years of employment. Initial entry or re-entry into the District matching program shall occur on September 1 or January 1 of each year provided the District Tax Sheltered Annuity form is submitted to the Human Resources office 30 days in advance.

ARTICLE XIII.

RETIREMENT:

Section 1. <u>Incentives for Retirement</u>

(a) An individual who has at least ten years of credited experience in the Richfield Public Schools and who is a least age fifty-five (55) shall receive severance pay upon resignation. For purposes of this section, credited experience is defined as the number of years the employee works more than 14 hours per week. The amount of severance pay shall be based on the individual's accrued sick leave. Accrued sick leave shall mean the number of days the individual has accumulated at the effective date of retirement. The individual's severance pay shall be the sum of the applicable amounts determined by the provisions of both Subdivisions (b) and (c).

Severance pay is considered earned only after the employee completes active employment through the Board approved retirement date.

(b) The individual shall multiply accumulated sick leave by the appropriate percentage indicated below. The product of this multiplication shall then be multiplied by ninety-five (\$95.00) dollars to determine the severance pay for this Subdivision. In no case, however, shall the benefit from this Subdivision exceed twelve thousand (\$12,000) dollars.

90% of accrued sick leave

- (c) An individual who has at least fifteen (15) years of credited experience as defined earlier in this section in the Richfield School District shall be paid the following amount as defined in Subdivision (a). \$4500
- (d) The individual shall receive the amount of severance pay within thirty (30) days of the last date of employment by the District.

The full amount of severance pay a retiring employee is eligible to receive herein shall be contributed into a 403b supplemental retirement account established by the employee, exclusively for the purpose of receiving such payment (the "severance 403b"). Such a contribution shall be consistent with the applicable IRS rules on annual additions to tax-deferred accounts. The employee will not receive any direct payment from the school district for severance pay.

If an individual dies before all or a portion of the severance pay has been disbursed, that balance due shall be paid to a named beneficiary or, lack of same, to the deceased's estate.

(e) The provisions of the Richfield Public School Incentive for retirement shall apply to resignations for retirement for 2018-2019 and 2019-2020.

ARTICLE XIV.

GRIEVANCE PROCEDURE:

Section 2. <u>Timelines</u>

Within fifteen (15) working days following knowledge of the act or condition, which is the basis of the complaint, the grievant may file a grievance beginning at Step 1 and proceeding through each succeeding step until the grievance has been resolved. Except by mutual agreement, failure by the employer at any step to communicate a decision within the specified time limit shall permit the grievant to proceed to the next step; likewise, failure by the grievant at any step to appeal a grievance to the next step within the specified time limit shall be considered acceptance of the decision at that step. The time limits for decision or appeal are as follows:

> Step 1 - five (5) working days Step 2 - ten (10) working days Step 3 - ten (10) working days

Decision or appeal should be completed as soon as possible but shall not exceed the time limit specified.

Section 3. <u>Steps</u>

- Step 1: The cognizant supervisor. The cognizant supervisor shall be the individual directly responsible for the operation of the department in which the grievant works.
- Step 2: The Director of Human Resources
- Step 3: The Superintendent of Schools or designee.
- Step 4: Arbitration under the Public Employment Labor Relations Act incorporating the use of one arbitrator; the arbitrator's award being final and binding upon the parties.
- Section 4. <u>Union Representation, Intervention and Initiation</u>

The grievant shall have the right of union representation at each step. The union shall have the right to intervene and present its position at any step in the grievance procedure. The union itself may initiate a grievance on any matter affecting the application or interpretation of this Agreement.

Section 5. <u>Reprisals</u>

No reprisals shall be invoked against any employee for processing a grievance.

Section 6. <u>Cost of Transcript</u>

The cost of a transcript of the arbitration shall be borne by the party demanding the transcript. If no demand is made, but a transcript is required, the cost shall be shared equally by the parties involved.

Good morning Mr. Holje,

Thank you for taking my call today.

We have completed a market valuation to arrive at the actual cash value for the bus. The settlement amount is as follows:

Vehicle: 2011 Ic Corporation 3000 CAB FORWARD International Dt466 VIN: 4DRBUAAN5BB278537 Mileage: 87404 Actual Cash Value (ACV) = \$27,840.00 Motor Vehicle Sales Tax + 1,809.60 Title Transfer Tax + 10.00 Title Fee + 8.25 Technology Fee + 2.25 Filing Fee + 11.00 License Plate Fee + 8.00 County Excise Tax + 20.00 Deductible - (1,000.00) Settlement Calculation = \$28,709.10

Please have the title owner(or a representative) sign the title in the ASSIGNMENT BY SELLER (TRANSFEROR) section where it indicates "SELLER(S) SIGNATURE". If the vehicle is titled to a business or organization, please also include a copy of the authorized signer's business card to establish a link between the owner and the signature. Please call me with ANY questions regarding signing the title because any cross-outs/write-overs/errors can void the document causing a delay in payment. The original document MUST be sent as the state cannot process scanned signatures.

If there is an active loan on the vehicle, I need the lender's name, a contact phone number, and the loan/account number so I can pay on the auto loan. You can call me or send it to me by reply email so I can start the process.

Please let me know when the bus is cleared out and released for removal from Kremer Services, so that I can arrange to have it picked up by our salvage vendor IAA. I will then also be able to send a shipping label to you to use for sending the signed title (and business card) to Hanover Insurance, so that we can issue payment on the total loss claim.

If you have any questions or if there is anything I may clarify for you, please contact me at 800-628-0250 ext. 7603452. Thank you for doing business with The Hanover Insurance Group.

Best Regards, Scot Erickson
